

# Thematic Area 1.

## **Modes of democratic representation (18 hours)**

Lectures and a seminar session (Prof. S. Cavatorto) on the emergence of plural representation in the European arena and the problem of EU legitimacy and accountability are enhanced by a tutorial seminar (Dr. PhD. F. Olmastroni & S. Cavatorto) aimed at directly experiencing with students multilevel modes of democracy through the analysis of the social media.

It is strictly linked to the tutorial seminar, a 1-day workshop about “Experiencing multilevel democracy” organized at the end of the Module (early June). Thus, attendance to the seminar session is highly recommended.
